BOREHOLE CAMERA

Australian Distributor: Dill-Tech
Manager Damian Dillon
(+61) 0407 425 315 | sales@dill-tech.com.au

A camera for inspecting vertical boreholes and wells with diameters from DN100, up to a depth of 500 m and a water level of 100 m.

Encased in a thick-walled glass housing, the camera comes with a built-in light.
